PT 1.02 Definitions. As used in chs. PT 1 to 9:

(1) “Board” means the physical therapy examining board.

(2) “Candidate for reentry” means a physical therapist or physical therapist assistant who has not practiced in the 3 years immediately preceding the application for licensure or renewal of licensure, and who has been issued a temporary license for purposes of establishing competence to reenter clinical practice.

(3) “Client” means a person who has contracted for, who receives, and/or who has previously received or contracted for, the professional services of a physical therapist, a physical therapist assistant, student or temporary licensee, whether the physical therapist, student or temporary licensee is paid or unpaid for the service, and regardless of where such services occur. If a client is a person under age 18, the client’s parent or legal guardian are also clients.

(4) “Direct, immediate, on-premises supervision” means face-to-face contact between the supervisor and the person being supervised, as necessary, with the supervisor physically present in the same building when the service is performed by the person being supervised.

(8) “Informed consent” means a client’s voluntary, knowing and understood agreement to the service to be provided by the physical therapist, physical therapist assistant, temporary licensee, candidate for reentry, or student. Informed consent requires, at a minimum, that the licensee has provided information about reasonable alternate modes of diagnosis and treatment, and the risks and benefits of each, that a reasonable person in the client’s position would need before making an informed decision concerning the mode of treatment or diagnosis.

(a) Informed consent may ordinarily be documented by the written signature of the client, the client’s guardian or the client’s power of attorney for healthcare, or in the alternative by a notation in the patient’s health care record as defined in s. 146.81 (4), Stats.

If circumstances prevent signed documentation by the client, the licensee may document verbal consent within the patient’s health care record.

(b) A client may withdraw informed consent verbally or in writing at any time before a service is completed.

(c) Informed consent shall include an understanding that the client may, upon request, have a chaperone present while services are provided.

(d) No service or part of a service may be provided without the client’s informed consent or after informed consent has been withdrawn.

(e) No service or part of a service may be provided without informing the client of the general nature of the costs associated with the service provided or contact information for the entity who can address billing concerns.
